Patriot Pop

Model stitched on 14 ct. Light Blue aida.

When stitching with over dyed floss, complete each x before going onto the next one.

Lollipop instructions...Start in the center and stitch in an outward spiral. The black lines indicated on the pattern are only intended to guide your spiral. In the squares that are divided by the line, your first stitch should be a 3/4 stitch. When you reach that square again (in the next round of the spiral), do a 1/4 stitch to finish filling the square.

Small candy instructions...the ends of the candy wrappers are stitched with long stitches. All backstitching and long stitching around the candy is done in Patriot Pop.
